

Mandeep Rahar

Full Stack Web Developer

PROFESSIONAL SUMMARY

Highly skilled Full Stack Web Developer proficient in MERN stack. Collaborative experience in building functional and scalable web applications. Strong technical expertise in Node.js, React.js, and MongoDB. Proven problem-solving and communication skills. Ready to contribute to impactful web development initiatives.

PROJECTS

1. Apple Clone | |

React | Node.js | Mongoose | express.js | Chakra-UI |

- This project was a solo effort, where I developed a captivating e-commerce website inspired by Apple's aesthetics
- The website boasts a responsive design, ensuring a seamless experience on various screen sizes
- Leveraged a range of technologies, including React, Node.js, Express, and MongoDB, to make it a reality.
- The heart of the website is the meticulously crafted product catalog, featuring in-depth information about each item.

2. Furniture Store | |

React | Node.js | Express | MongoDB | Chakra UI

- Collaboratively developed a furniture store application with a team of 4 members in just 5 days.
- Implemented user and admin registration and authentication functionalities for secure access.
- Managed CRUD operations for furniture items and orders, along with handling exceptions and validations.
- The project caters offers easy accessibility on both smartphones and desktops.
- Designed the front-end user interface and incorporated dynamic time and date updates based on user preferences.

3. Travelious: Travel with us | |

React | HTML5 | ChakraUI | JavaScript | css

- Collaboratively developed a Travel website with a team of 4 members in just 5 days.
- Provided user registration and authentication features for seamless access.
- Implemented functionalities to book hotels, tour packages, and tickets, including CRUD operations.
- Leveraged JavaScript, React, Chakra UI, Redux, and Axios to create this user-friendly application.
- The project caters offers easy accessibility on both smartphones and desktops.

WORK EXPERIENCE

PCMB Jobs

Content Analyst

March 2022 - August 2022

Job responsibilities:

- As a content analyst at a company under the Reliance Industry, my responsibilities include meticulously assessing and refining test question formats, ensuring academic accuracy, and maintaining content quality to deliver reliable and compliant test series for users.

ACHIEVEMENTS
